SUNDAYS AND WEDNESDAYS, 2 till 4.

REPORT OF COMMITTEE, 1938.

THE Committee of Management have pleasure in presenting the sixteenth Annual Report and Statement of Accounts for the year ended December 31st, 1938.

It has been a quiet year at the Hospital, the number of patients treated being 246 which is the same as last year.

Statistical Tables and Medical Report follow.

FINANCE.

	1938.		1937.
Receipts amounted to	£3,101	...	£3,135
Expenditure (Ordinary)	£2,794	...	£2,532
Ditto (Extraordinary)	£6	...	£326
Cost per patient, per day	10s. 6.438d.	...	9s. 7.423d.

The financial position is still satisfactory, thanks in no small measure to the generous response to the appeal for new subscribers and the continued support of our old ones together with the valuable support of the Royal Berks Contributory Scheme and the Bernard Baron Trust, to each of these the Committee give their grateful thanks.

The rise in the rate per day is accounted for by the cost of the painting the outside of the Hospital and rise in cost of provisions, etc.

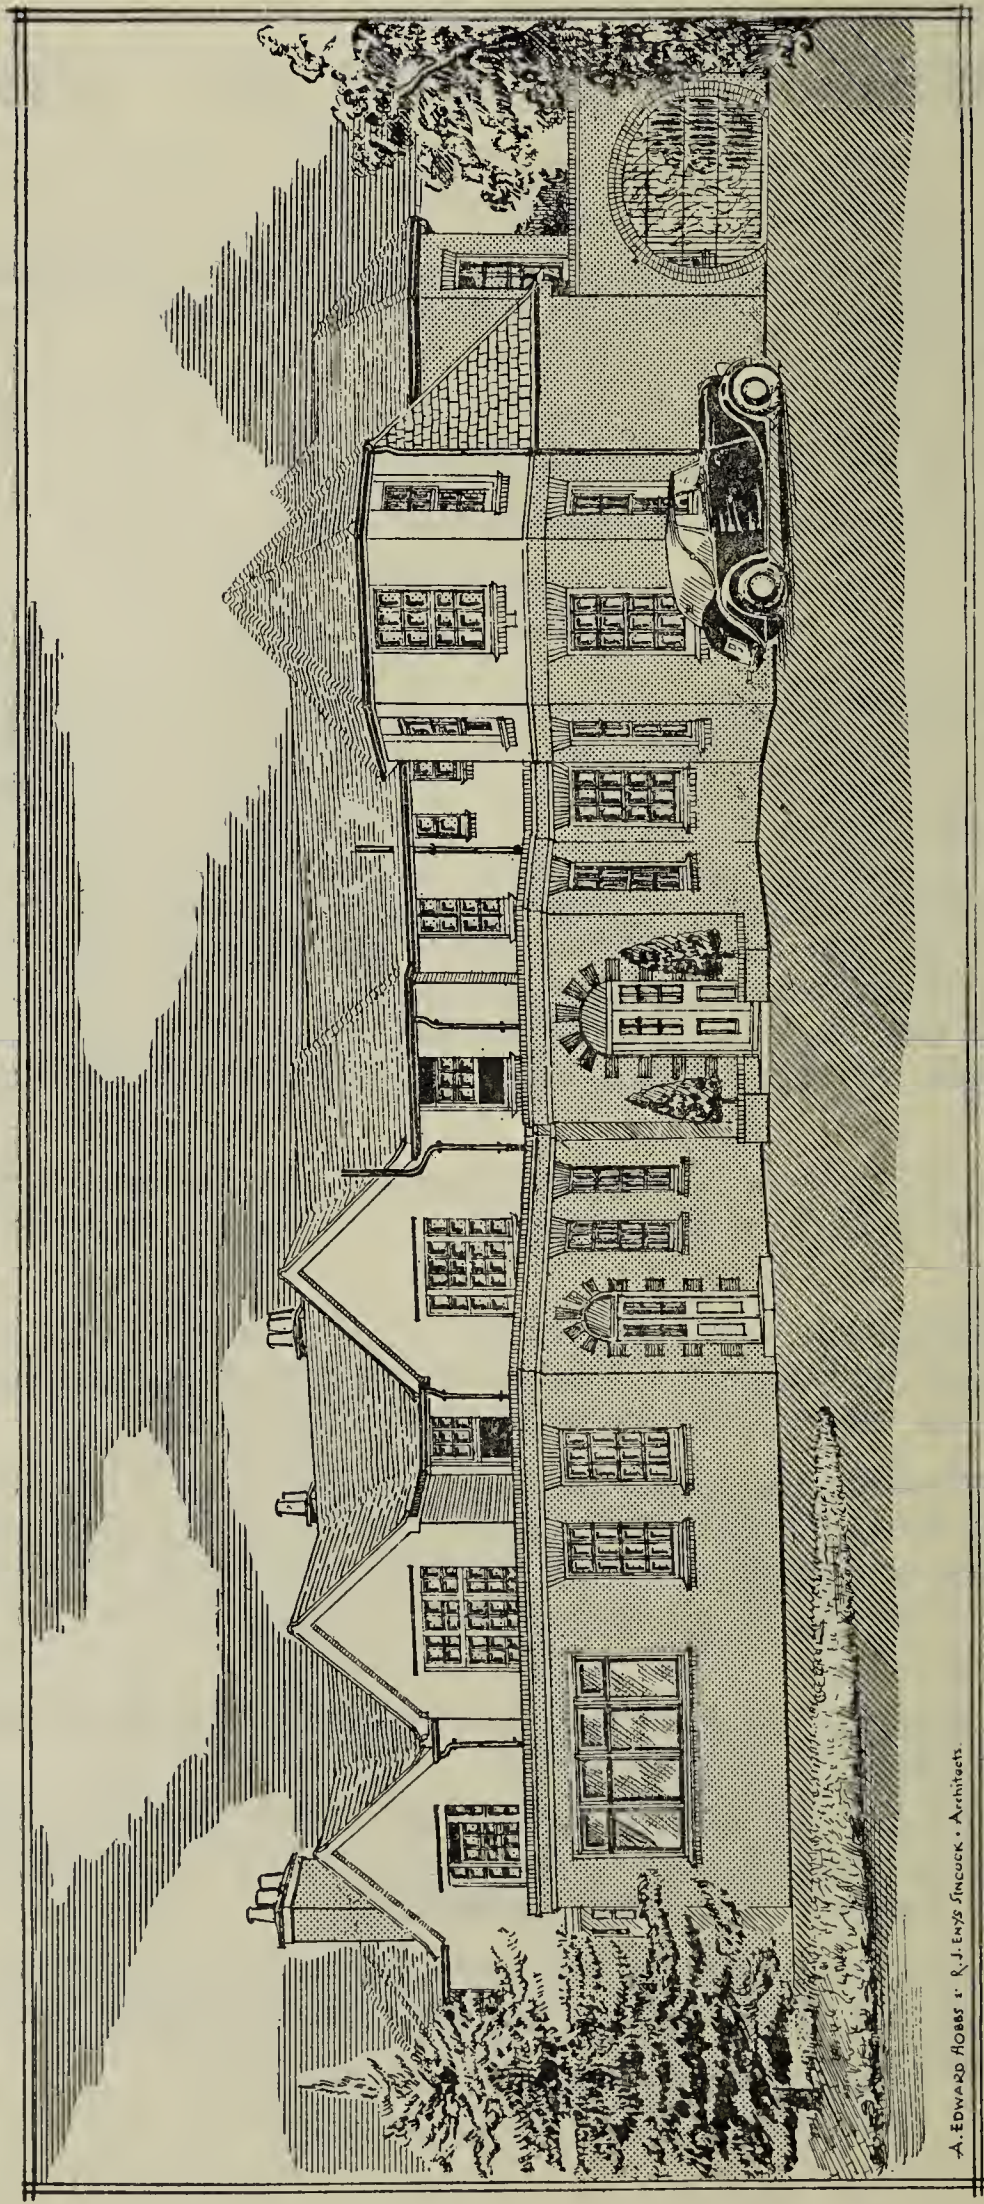

The painting and decorating of the inside of the hospital is now overdue and the Committee propose to put this in hand as soon as possible, this will call for somewhat heavy expenditure.

The Committee would like to draw the attention of subscribers to the fact that by signing a Covenant (see end of Report) agreeing to subscribe for a period of seven years they will enable the Hospital to recover from the Revenue Authorities Income Tax on their subscriptions.

The Committee tender their sincere thanks for the following bequests received during the year:—

£90 under the Will of the late Mr. Harry Burr, of Satwell ;
£50 (through Messrs. Lloyds Bank, Ltd.) to be called the
“ James Henry Stephens Bequest.”

The Committee regret the death of Surgeon Vice-Admiral Sir Robert Hill, K.C.B., K.C.M.G., who took great interest in the work of the hospital.

ROUGH PERSPECTIVE SKETCH OF MAIN FRONT SHOWING PROPOSED ADDITIONS.

ROYAL BERKSHIRE AND ASSOCIATED HOSPITALS CONTRIBUTORY SCHEME.

Of the patients treated in Hospital, 139 were members of the Scheme and 7 of other Schemes, 96 came from Henley and 50 from elsewhere.

The great success of this scheme depends very largely on voluntary effort and the Committee cordially thank those ladies and gentlemen who give so much time to this good work.

MOTOR ACCIDENTS.

During the year 24 cases were brought to the Hospital, of these 17 were detained.

LADIES' SUPPLY LEAGUE.

The Committee again thank the members of the above for their interest and useful work for the Hospital.

The report and accounts follow.

NURSES' PENSION SCHEME.

Owing to lack of support the Committee regret they were unable to carry out the Scheme proposed, no doubt at some future time the matter will be reconsidered.

SUGGESTED ADDITIONS, HOSPITAL BUILDINGS.

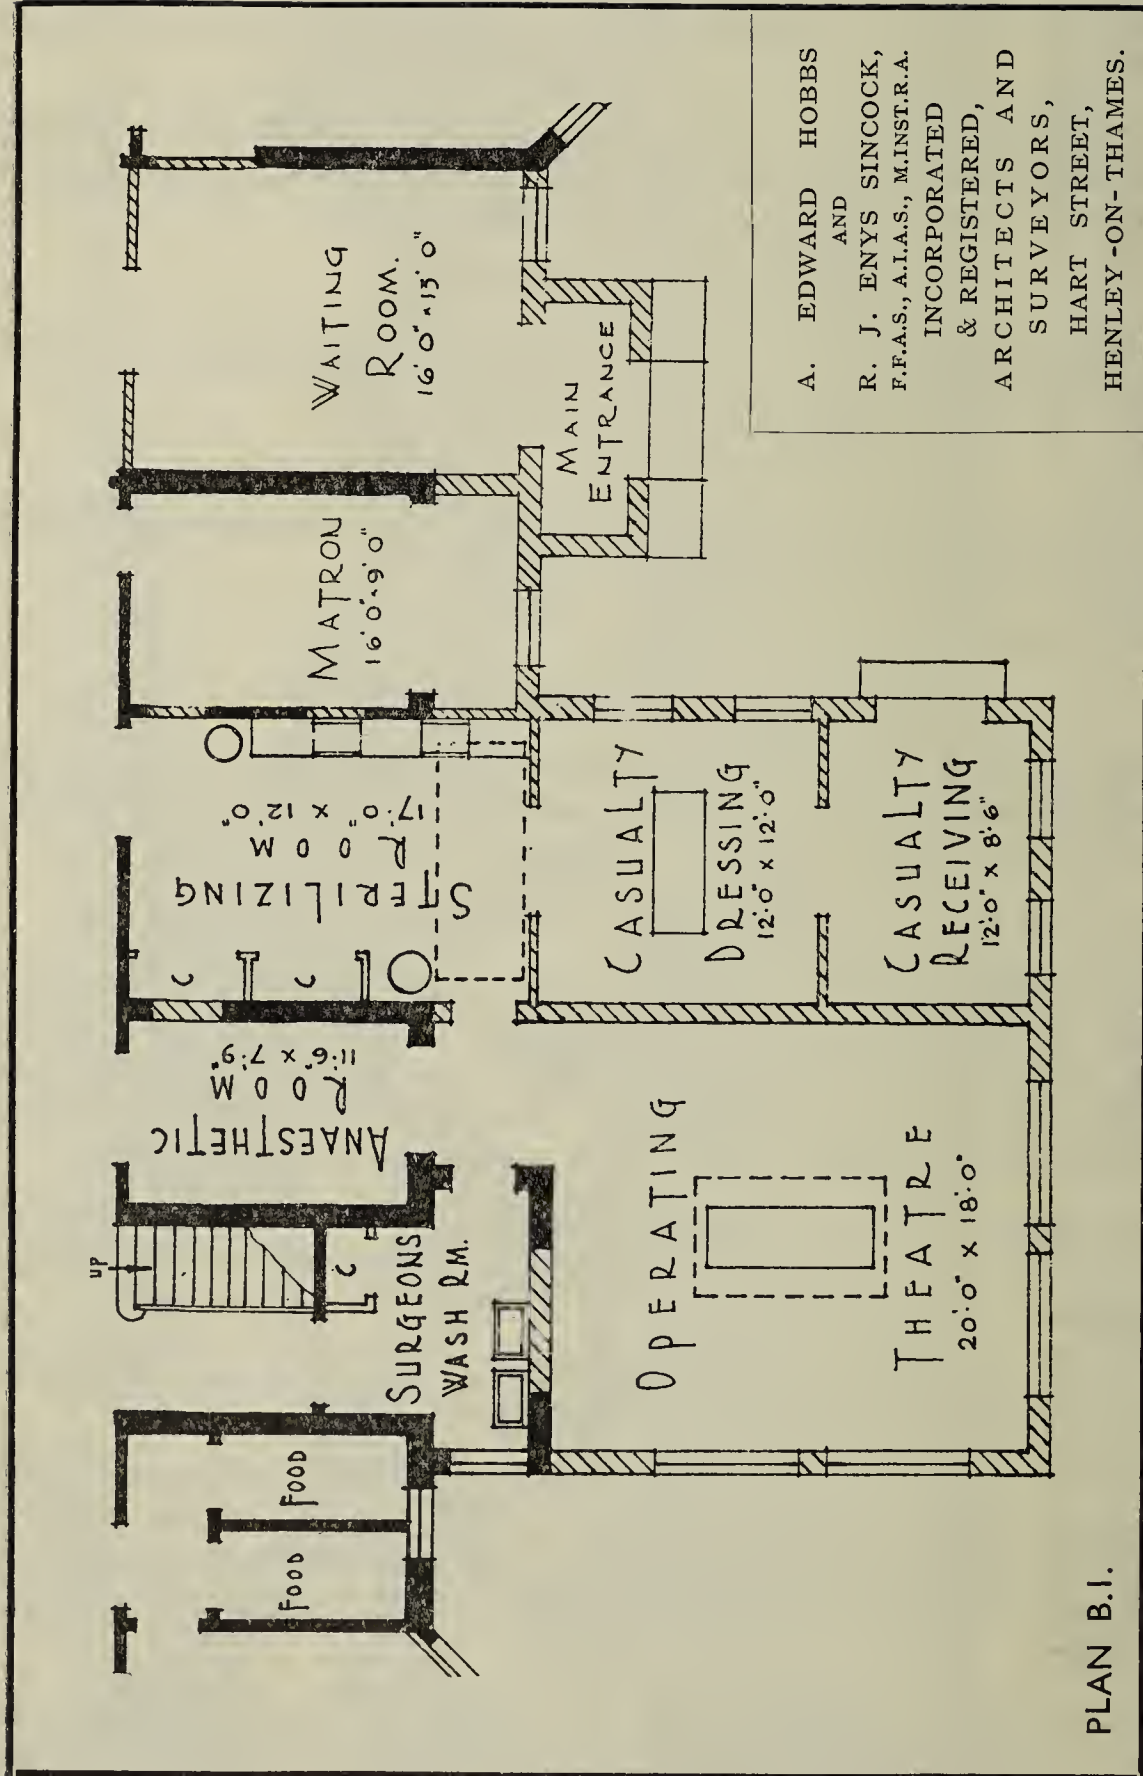

The Committee have had before them for some time past the question of providing a new Casualty Receiving Ward and Waiting Room, and they are informed by the Hon. Medical Staff that to bring the Hospital up-to-date it is desirable that some alteration to the Operating Theatre and other additions should be made.

The matter has been before a Committee of the Hon. Medical Staff, the House Committee and a Sub-Committee of the House Committee.

Mr. Baxter has also been consulted and agrees that if any alteration be made the whole question should be dealt with.

In view of this opinion the Committee have had prepared a plan embracing suggestions by all parties, and a copy of the plan is reproduced on page 6; the architects estimated cost of the work is £1,800 (approximately), fees and equipment will bring this sum up to £2,000.

The Committee feel that the decision as to the advisability of carrying out the work should be left to the Annual General Meeting, more especially as the question of raising the necessary funds will have to be taken into careful consideration.

SKETCH PLAN SHOWING PROPOSED ALTERATIONS AND ADDITIONS.

Reports of the Hon. Medical Staff and Architects follow :—

REPORT FROM THE HON. MEDICAL STAFF.

The suggestion that certain improvements were desirable at the Hospital arose as long ago as 1937.

It was brought to the notice of the Chairman of the Hospital that the accommodation for dealing with “Casualties” was very inadequate. The question of the desirability of making some provision for a Casualty Department was then referred to the Medical Staff for their consideration and suggestions.

After very carefully going into the position, the Medical Staff came to the conclusion that, whilst the provision of a Casualty Department was desirable, if any building alterations were to be undertaken, a much larger scheme should be visualised. It must be remembered that the Hospital, as regards beds, has been much enlarged. Originally 11 beds were provided—there are now actually 19 and in times of pressure 21 can be accommodated.

The Medical Staff feel that the present Operating Theatre and its annexes are inadequate and not altogether up-to-date. They fully realise that it has done good work in the past and can still continue to do so, but it is not up-to-date. It is too small—the accommodation for “washing” and the sterilizing department are inadequate. There is no room where the patient can be anaesthetised prior to entering the operating theatre.

Also the present Waiting Room for Visitors is too small.

If any alterations are done, the Medical Staff feel strongly that the building should include a scheme which would embody the whole of these improvements.

Anything less would be inadequate and would, in the long run, prove more costly.

Various plans have been examined and after careful consideration the Medical Staff recommend that the plan, denoted as B1, be adopted. They realise that it is difficult to alter any existing building so as to obtain an ideal plan, but this scheme does supply all those points enumerated above and would modernise the Hospital.

Finally, should the Ministry of Health require additional alterations for A.R.P. purposes, these could easily be incorporated. The expense incurred would, presumably, be borne by the Ministry.

ARCHITECTS' REPORT.

In accordance with instructions received from the House Committee, and in conjunction with the Hon. Medical Staff, we have prepared various plans which have been submitted to the Building

Sub-Committee, and after comprehensive consideration, Plan B.I. was selected as meeting the Committee's various requirements. At the same time the elevations have been kept in harmony with the existing as far as is possible in the circumstances.

The Committee's chief requirement is the provision of accommodation for dealing with casualties, and it will be observed that the plans provide for a Casualty Receiving Room and Casualty Dressing Room, with an entrance apart from the main entrance.

The existing Operating Theatre would be converted into a Sterilizing Room, the existing Matron's Room would become the Anaesthetic Room, and the existing Sterilizing Room would become the new Matron's Room. The Lobby of the existing main entrance becomes the Surgeon's Wash Room and a new Operating Theatre is proposed as shown. It will be observed that there is direct access from the Sterilizing Room to the Casualty Dressing Room and Operating Theatre, and from the Anaesthetic Room and Surgeon's Wash Room to the Theatre.

The Committee also feel that the existing Waiting Room is both inadequate and inconvenient inasmuch as patients using the X-Ray Room have to pass through this room. It is proposed that the Waiting Room and Matron's Room be extended forward, and a wall erected across the present Waiting Room, and the present entrance to the X-Ray Room be blocked up and a new entrance made as shown.

The building of the Operating Theatre does away with the main entrance to the Hospital and it is proposed to replace this in the position shown.

We estimate the cost of carrying out these works to be approximately eighteen hundred pounds (£1,800).

We are of the opinion that it will be possible to carry out this scheme and at the same time to keep the Operating Theatre, Matron's Room and Sterilizing Room in use until the new building is complete: the change over from old to new would take only a few days.

If it is desired that this building be erected in accordance with the Ministry of Health's specification to provide against damage by aerial warfare, the cost would be considerably increased, but it is impossible at the present moment to give even an approximate estimate as the details of the specification are unknown. Further, if it is felt that an air raid shelter should be constructed, this can be done in the form of a basement below the Operating Theatre, Casualty Dressing, and Receiving Room. It is contemplated that decontamination accommodation will have to be provided and it is possible to do this by making use of the existing Garage.

A. EDWARD HOBBS & R. J. ENYS-SINCOCK.

ACKNOWLEDGMENTS.

The efficient and devoted services of the Matron (Miss E. M. Davies) and her Nursing Staff have again earned the cordial thanks of the committee and the gratitude of the many patients who have passed through the Hospital during the year.

The Committee also record their appreciation of the services of the Domestic Staff and other workers at the Hospital.

Again it is a pleasure to record with appreciation and gratitude the zeal and devotion of the Hon. Medical Staff. The Committee, on their own behalf and that of the subscribers, tender their warmest thanks to the Hon. Medical Local Staff for their work ; to the Hon. Consulting Staff (Dr. Gordon Lambert, Mr. C. B. Baxter, Mr. Leslie Powell and Mr. G. T. Willoughby Cashell) for their valuable aid at all times ; to the Hon. Dental Surgeon (Mr. P. T. Pearce), the Hon. Masseuse (Miss Couchman), the Hon. Treasurer (Mr. W. M. Herries) and the Acting Secretary (Mr. Herbert Foster), also to the Clergy and Ministers of the town and district for their help and support.

Since the end of the year and before this Report was in print the Committee learned with deep regret of the death of Mr. J. Leonard Joyce, who has rendered such valuable service to the Hospital since its foundation and whose skill and knowledge will be greatly missed.

Finally, the Committee wishes to thank all who have in any way assisted the Hospital during the year, either financially, by personal service, or by gifts in kind, and hope that the generous support may be continued.

R. H. MARDON, *Chairman.*

Annual Subscriptions are due on 1st January, and will be gratefully received by the Hon. Treasurer, Mr. W. M. Herries, at Messrs. Barclays Bank, Ltd., Henley-on-Thames, or can be paid at the Hospital.

LADIES' SUPPLY LEAGUE.

President :—VISCOUNTESS HAMBLEDEN.

Vice-President :—MRS. OVEY.

Committee :—

THE MAYORESS (<i>ex-officio</i>).	MRS. FERRIS.	MISS MACKENZIE.
MRS. BRAKSPEAR.	MISS GRIPPER.	MISS MILLER.
MRS. BROWNLOW.		

Bix—MRS. COUSINS.

Remenham—MRS. JEAKES.

Hambleden—MRS. PAYTON.

Rotherfield Greys—MRS. OVEY and

Harpsden—THE HON. MRS. DENISON
and MRS. ADEY.

MRS. WOLFERSTAN.

Shiplake—MRS. J. H. STEWART.

Nettlebed—THE HON. MRS. BRUNTON. *Turville*—MRS. WICKHAM.

MISS C. MILLER, *Hon. Secretary*.

MRS. SCOTT-RUSSELL, *Hon. Treasurer*.

The Committee of the Supply League has met twice during 1938, both meetings being very well attended. There are two new members of the committee, Mrs. Ferris, who will act as a link between the Executive Committee of the Hospital and the Supply League, in place of Mrs. Langdale, and Miss Gripper, who will undertake the collecting done by Mrs. Walker, whose resignation was announced in the last report. It is very cheering to find people so willing to act as collectors.

Once more the finances are in a very sound condition, the year ending with a balance of £34 17s. 6d. as will be seen by the Treasurer's statement. The Supply League interprets its title in a wide sense, and not only buys all the wants brought forward by the Matron, but also makes a grant for Christmas presents for the Matron, Staff and patients, which would be difficult to buy from the ordinary Hospital funds. This is, of course, due to the excellent work of the collectors and the generous response of the subscribers for which we are very grateful.

Thanks are also due to many members of the Committee, who once again sent gifts at Christmas.

CELIA MILLER, *Hon. Sec.*

AMBULANCE REPORT.

The total number of patients carried during the year was 157, viz :—To Henley Hospital, 81 ; to the Royal Berkshire Hospital, 16 ; to the Infirmary, 29 ; and to other places, 29 ; false calls, 2.

Of these patients, 53 were members of the Royal Berkshire and Associated Hospitals' Contributory Scheme.

Street accidents numbered 18.

Mileage for the year was 2,353 against 1,929 in 1937.

The Committee desire to express their appreciation of the kindly help given at all times by the Henley Division of the St. John Ambulance Brigade.

The ambulance can be hired for private use at a charge of 1s. per mile (minimum 5s.).

Henley and District War Memorial Hospital.

HENLEY & DISTRICT
WAR MEMORIAL HOSPITAL.

FORM OF BEQUEST.

I,
of
give and bequeath to the Trustees (for the time being)
of the Henley and District War Memorial Hospital
the sum of.....
free of Legacy Duty, to be paid exclusively out of such
part of my personal estate as I can lawfully charge
with it, and to be applied to the benevolent purposes
of the Institution.

*Gifts by will of land or buildings are, by the Mortmain
and Charitable Uses Act, 1891, receivable by this
Charity.*

FORM OF AGREEMENT.

I
of

.....
HEREBY COVENANT with THE TREASURER of THE HENLEY
AND DISTRICT WAR MEMORIAL HOSPITAL, that for a
period of seven years from the date hereof, or during my life,
whichever period shall be shorter, I will pay annually to the said
Hospital, such a sum as will, after the deduction of income tax,
leave in the hands of the Hospital a net sum of *.....:.....:.....,
such sum to be paid from my general fund of taxed income, so
that I shall receive no personal or private benefit in either of the
said periods from the said sum of *.....:.....:..... or any part
thereof.

IN WITNESS whereof I have hereunto set my hand and seal this
..... day of19.....

SIGNED, SEALED AND DELIVERED by the said
.....

Address.....

.....

Occupation

* Please insert the actual amount of your subscription and NOT
the amount that the Hospital will receive after the Income Tax
has been recovered.

GENERAL NOTICES.

An Ambulance is kept at the Central Garage, Station Road, Henley, Tel. No. 555, for conveyance of patients to the Hospital—except in cases of emergency an order signed by one of the Medical Staff or by the Superintendent of Police must be obtained. Subscribers to the Contributory Scheme are not charged for the use of the Ambulance when conveyed to Hospital.

The Hospital is connected by P.O. Telephone with the whole of the Medical Staff.

In case of accident it is requested that notice be sent by telephone or messenger to the Matron—so that everything may be prepared for the reception of the patient—Telephone No. 231.

The Matron is always grateful for Flowers, Fruit and Vegetables, and Illustrated Papers or Magazines are much appreciated by the Patients. These gifts are acknowledged each week by the courtesy of the “Henley and South Oxfordshire Standard.”
